Reporter B. Ford

Date _____

TESTIMONY OF CRAIG MEADOR

1. I, Craig Meador, reside at Rural Route 227, Poplar Bluff, Missouri. In February or March, 1989, about six months after KOKS started broadcasting, I was at KOKS' transmitter site to do some engineering on a satellite system. The satellite dish, owned by the Stewarts, fed into the Stewarts' residence. I had installed it in late 1987 or early 1988, before the house was owned by the Stewarts. The satellite dish is located close to KOKS' transmitter shack.

2. While I was at the site, Don Stewart invited me to look at KOKS' transmitter site and the equipment inside. I noticed that the meter reading for the transmitter was at peak, at about 120% or 125% of power. I mentioned to Stewart that the power may be too high. Stewart adjusted it down and then back up. We left the transmitter at between 115% and 120% of power.

Declaration

3. I declare under penalty of perjury that the foregoing is true and correct.

Executed on 9/23, 1992.

Craig Meador

RE: Application of Calvary Educational Broadcasting Network For
Noncommercial Educational FM Channel 208C1 to Serve Poplar
Bluff, Missouri

mmB
Ex. 12

Dear Mr. Tricarico:

Filed herewith, in triplicate, on behalf of Calvary Educational
Broadcasting Network is its construction permit application for
noncommercial educational FM Channel 208C1, Poplar Bluff,
Missouri.

Should any questions arise concerning this matter, kindly contact
the undersigned directly.

Respectfully submitted,

Applicants are reminded that questions 4 through 5 of this Section must be completed as to all "parties to this application" as that term is defined in the instructions to Section II of this form.

Table I Parties To Application

4. Complete Table I with respect to all parties to this application.

(Note: If the applicant considers that to furnish complete information would pose an unreasonable burden, it may request that the Commission waive the strict terms of this requirement with appropriate justification)

INSTRUCTIONS: If applicant is partnership, fill out columns (a), (b), and (d), stating as to each general or limited partner (including silent partners): (a) name and residence, (b) nature of partnership interest (i.e., general or limited), and (d) percent of ownership interest. If applicant is a corporation or an unincorporated association with 50 or fewer stockholders, stock subscribers, holders of membership certificate or other ownership interest, fill out all columns, giving the information requested as to all officers, directors and members of governing board. In addition, give the information as to all persons or entities who are the beneficial or record owners of or have the right to vote capital stock, membership or ownership interests or are subscribers to such interests. If the applicant has more than 50 stockholders, stock subscribers or holders of membership certificates or other ownership interests, furnish the information as to officers, directors, members of governing board, and all persons or entities who are the beneficial or record owners of or have the right to vote 1% or more of the capital stock, membership or ownership interest. If applicant is governmental or public educational agency or institution, fill out columns d (c) as to all members of the governing board and chief executive.

Name and Residence Address(es) (a)	Nature of Partnership Interest or Office Held (b)	Director or Member of Governing Board		% of: Ownership (O) or Partnership (P) or Voting Stock (VS) or Membership (M) (d)
		YES	NO	
		(c)		
Donald Stewart Box 236 Dudley, MO 63936	President	x		
Jim Baggett Box 601 Wickliffe, KY 42087	Vice President	x

Ken Presson 2110 Old Orchard Rd. Poplar Bluff, MO 63901		x		
Joseph Scobey 900 North Street Poplar Bluff, MO 63901		x		

Note: If this application is for a change in an operating facility, DO NOT fill out this section.

1. Is this application contingent upon receipt of a grant from the National Telecommunications and Information Administration?

☐ YES ☒ NO

2. Is this application contingent upon receipt of a grant from a charitable organization, the approval of the budget of a school or university, or an appropriation from a state, county, municipality or other political subdivision?

☐ YES ☒ NO

NOTE: If either 1 or 2 is answered "Yes", your application cannot be granted until all of the necessary funds are committed or appropriated. In the case of grants from the National Telecommunications and Information Administration no further action on your part is required. If you rely on funds from a source specified in Question 2, you must advise the F.C.C. when the funds are committed or appropriated. This should be accomplished by letter amendment to your application, in triplicate, signed in the same manner as the original application, and clearly identifying the application to be amended.

3. Except as indicated in Questions Numbered 1 and 2 above, the applicant certifies that:

(a) It has a reasonable assurance of present commitments from each donor, from each party agreeing to furnish capital, from each bank, financial institution or others agreeing to lend funds, and from each equipment supplier agreeing to extend credit:

☒ YES ☐ NO

(b) It can and will meet all contractual requirements as to collateral, guarantees, and capital investments or donations:

☒ YES ☐ NO

(c) It has determined that a reasonable assurance exists that all such sources (excluding banks, financial institutions, and equipment manufacturers) have sufficient net liquid assets to meet these commitments.

☒ YES ☐ NO

The applicant certifies, except as noted above, that sufficient net liquid assets are on hand or available from committed sources to construct and operate the requested facilities for three months without additional funds.

☒ YES ☐ NO

Section IV

Program Service Statement

For AM, FM and TV Applications

Attach as Exhibit No. IV-1, the applicant's purpose and objective in establishing the proposed station and a statement of proposed program policies. If applicant already has such information on file, indicate file number and detail changes, if any.

4

Section VI

Equal Employment Opportunity Program

Does the applicant propose to employ five or more fulltime employees?

☐ YES ☒ NO

If the answer is Yes, the applicant must include an EEO program called for in the separate 5 Point Model EEO Program [FCC Form 396 (A)].

Section VII

Certification

1. Has or will the applicant comply with the public notice requirement of Section 73.3580 of the Commission's Rules?

☒ YES ☐ NO

The APPLICANT hereby waives any claim to the use of any particular frequency as against the regulatory power of the United States because of the previous use of the same, whether by license or otherwise, and requests an authorization in accordance with this application. (See Section 304 of the Communications Act of 1934, as amended.)

The APPLICANT acknowledges that all the statements made in this application and attached exhibits are considered material representations, and that all exhibits are a material part hereof and are incorporated herein.

The APPLICANT represents that this application is not filed for the purpose of impeding, obstructing, or delaying determination on any other application with which it may be in conflict.

In accordance with Section 1.65 of the Commission's Rules, the APPLICANT has a continuing obligation to advise the Commission, with amendments, of any substantial and significant changes in information furnished.

**WILLFUL FALSE STATEMENTS MADE ON THIS FORM ARE PUNISHABLE BY FINE AND IMPRISONMENT.
U.S. CODE, TITLE 18, Section 1001.**

I certify that the statements in this application are true, complete, and correct to the best of my knowledge and belief, and are made in good faith.

**FCC NOTICE TO INDIVIDUALS REQUIRED BY THE PRIVACY ACT
AND THE PAPERWORK REDUCTION ACT**

The solicitation of personal information requested in this application is authorized by the Communications Act of 1934, as amended. The principal purpose for which the information will be used is to determine if the benefit requested is consistent with the public interest. The staff, consisting variously of attorneys, accountants, engineers, and application examiners, will use the information to determine whether the application should be granted, denied, dismissed, or designated for hearing. If all the information requested is not provided, the application may be turned without action having been taken upon it or its processing may be delayed while a request is made to provide the missing information. Accordingly, every effort should be made to provide all necessary information. Your response is required to obtain the requested Permit.

THE FOREGOING NOTICE IS REQUIRED BY THE PRIVACY ACT OF 1974, P.L. 93-579, DECEMBER 31, 1974, 5 U.S.C. 552a(e)(3), AND THE PAPERWORK REDUCTION ACT OF 1980, P.L. 96-511, DECEMBER 11, 1980, 44 U.S.C. 3607.

7.

EXHIBIT I-1

PREDICTED INTERFERENCE TO TV CHANNEL 6 FACILITIES

CAVALRY EDUCATIONAL BROADCASTING NETWORK

PROPOSED NON-COMMERCIAL FM STATION
CHANNEL 208C1 - POPLAR BLUFF, MISSOURI

According to FCC Rules, an applicant specifying operation on FM Channel 208 must consider interference to any TV Channel 6 facility located within 196 km. of the proposed site. As shown in Exhibit I-2, the only such operation within this distance is WPSD(TV), Paducah, Kentucky. WPSD is located 139 km. from the proposed Channel 208C1 site at a bearing of 72° T.

Although the proposed FM site is located outside the predicted 47 dbu service contour of WPSD, an area of interference has been calculated to exist within this contour.

The predicted interference area was determined through the use of a Dataworld, Inc., computer program that calculates such interference areas in strict accordance with FCC Rules. The ERP parameters used to develop this area were worst-case in nature, and the actual calculated interference area is smaller than that which was derived.

The following table, taken from the Dataworld printout, summarizes the distances to the interfering contour from an assumed site at 36° 52' 49", 90° 12' 03":

8

EXHIBIT I-1

<u>Azimuth (° T)</u>	<u>Distance to Interfering Contour (km.)</u>
0	8.1
45	4.9
90	5.3
135	11.5
180	15.9
225	6.3
270	5.9
315	11.1

Exhibit I-3 is a map on which the interfering contour has been plotted. The contour was calculated every degree from 0° T to 359° T.

The interference area was then transferred to a portion of the Missouri MCD census map. The 1980 U. S. Census was used to determine the population within the predicted interference area. Uniform population distribution within minor civil divisions (MCDs) was assumed. MCDs and portions of MCDs were measured by polar planimeter to derive population percentages.

As noted in Exhibit I-3, the number of people residing within the area of concern is 2981. Therefore, this proposal complies with §73.525(c) of the Commission's Rules with respect to interference by non-commercial FM stations to TV Channel 6.

10 20 30 40 50 Kilometers

19. Is the proposed antenna location within 320 kilometers of the common border between the United States and Canada?

☐ Yes ☒ No

If Yes, attach as Exhibit No. ____ a showing of compliance with all provisions of the Working Agreement for Allocation of FM Broadcasting Stations on Channels 201-300 under The Canada-United States FM Agreement of 1947.

Does not apply

20. With regard to station separated by 53 or 54 channels (10.6 or 10.8 MHz) attach as Exhibit No. H information required in 1/(separation requirements involving intermediate frequency [i.f.] interference).

21. Is the proposed operation on Channel 218, 219 or 220?

☐ Yes ☒ No

If Yes, attach as Exhibit No. ____ information required in 1/ regarding separation requirements with respect to stations on Channels 221, 222, and 223.

Does not apply

22. Is the proposed station for a channel in the range from Channel 201 to 221 (88.1-91.9 MHz) and the proposed antenna location within the Grade B contour of a channel 6 television station or sufficiently near the Grade B contour that a question of interference to channel 6 may be raised?

☒ Yes ☐ No

If Yes, attach as Exhibit No. I a map showing the Grade B contour of the television station and the proposed antenna location. Also include discussion of the possibility of interference to the Channel 6 station and the steps proposed to remedy any interference which may occur.

23. Is the proposed station for a channel in the range from Channel 221 to 300 (92.1-107.9 MHz)?

☐ Yes ☒ No

If Yes, attach as Exhibit No. ____ information required in 1/ (Except for class D [secondary] proposals.)

Does not apply

24. If the proposed antenna location is in or near a populated area, attach Exhibit No. ____ a discussion of blanketing and the steps proposed to remedy any interference which may occur.

Does not apply

25. Environmental Statement, See Part I, Subpart 1 of the Commission's Rules.

Would a Commission grant of this application be a major action as defined by Section 1.1305 of the Commission's Rules?

☐ Yes ☒ No

If Yes, attach as Exhibit No. ____ a narrative statement in accordance with Section 1.1311 of the Commission's Rules.

If No, explain briefly. Proposal complies with all pertinent sections of 1.1305, 1.1306, and 1.1307 of FCC Rules.

I certify that I represent the applicant in the capacity indicated below and that I have examined the foregoing statement of technical information and that it is true to the best of my knowledge and belief.

RE: License Application of Calvary Educational Broadcasting
Network, Permittee of Noncommercial Educational Station
KOKS, Poplar Bluff, Missouri (BPED-870302MS)

Dear Mr. Feaster:

Transmitted herewith in triplicate on behalf of Calvary
Educational Broadcasting Network is its license application
submitted on FCC Form 302. As a directional FM station the
permittee awaits further authorization from the Commission before
commencing operation on program test authority.

mmB
Ex. 13

Pursuant to the special operating condition or restriction number
4 in its construction permit, Calvary also herewith submits an
affidavit of a licensed surveyor establishing that the
directional antenna has been oriented at the proper azimuth
(Exhibit A), and a complete proof of performance (Exhibit B).

Pursuant to the fee exemption specified in section 1.1112(c) of
the Commission's rules for noncommercial educational permittees,
no application fee is tendered herewith.

Should any questions arise concerning this matter, please contact
the undersigned directly.

Respectfully submitted,

RE: Interference Complaints to KOKS, Poplar Bluff, Missouri

Dear Mrs. Raines:

As we have repeatedly discussed over the last several weeks, my client, Calvary Educational Broadcasting Network (CEBN), the permittee on channel 89.5 MHz, has diligently attempted to investigate and resolve the complaints received concerning its alleged blanketing interference in the Poplar Bluff area. Generally, the resolution of the complaints have fallen within certain broad categories, which I will outline for you below.

- I. Complaints Withdrawn. In certain instances the party initially lodging the complaint has withdrawn the complaint. Persons who have withdrawn their complaints include: June Porter; Helen Birdsong; and, Betty Sliger (see Peter Sliger on page 1 of the petition). (See Attachment A)

Other complainants have been contacted and stated that they are not receiving interference. These parties include: Ella (or Eula) Dunehoo (who receives television service by cable); Marjorie Bacon; Betty Stroud; and, Sheila Dick.

- II. Boosters. Many of the complaints were received from persons who investigation reveals have boosters, which are specifically excluded from protection from blanketing interference under section 73.318. These parties include the following: Marie S. Christian; Thomas E. Crutchfield; Randy Soens; Elmer Soens; Betty Ketcherside; Dr. & Mrs. George Christian; Dairrel L. Denion, Jr.; and Hazel Duckett.

①

III. Channel 6 Interference. Many of the parties complaining of interference are receiving interference only on channel 6, which is received from Paducah, Kentucky. Poplar Bluff is far outside the station's protected grade B contour. The parties who have been contacted and have complained of interference only on channel 6 include the following: Martha Eldridge; Clara (and Clyde) Freeman; Lillian Frey; Peter Sliger; Dorothy Robbins; Leto Sliger; Henry Macey; Hugh Bright; Andy Dick; Buford Smith; William H. Carman; Mr. & Mrs. Rick Adams; Sandra Durbin; and, Gerald M. Malmstrom.

Another party, Annie Pennington, called on November 10 to complain of interference with her VCR and also on channel 6. Mrs. Pennington was contacted again on November 28 and informed a KOKS representative that the interference she received was only on channel 6.

Similarly, one of the complainants referenced yesterday, Ray Pennington, has been contacted, and also complains of interference only on channel 6.

IV. Miscellaneous Situations. There are roughly six complaints that, for one reason or another, have not yet been resolved by KOKS personnel. These instances are addressed seriatim below.

A. Paul and Doris Smith. Since the Smiths live very close to the station's antenna site, the possibility of blanketing interference is here especially severe. Mrs. Smith began to complain about interference on channels 6 and 12. KOKS representatives visited the Smiths and provided a filter for their television set. When the Smiths' complaints continued a KOKS representative called again on November 29 and asked permission to install a filter on their outside antenna. Mrs. Smith refused, stating that the Smiths were installing a new antenna and that she would call the station to let them know when installation was completed so that KOKS personnel could install a new filter. Mrs. Smith has subsequently called the station and informed KOKS that the Smiths are not changing their antenna, but refused KOKS personnel access to the Smiths' roof antenna to install a filter because the Smiths' did
